

Is proud to announce that we are now a stocking dealer for **Rundle Stone**.

Rundle Rock is beautiful, flat and easy to use natural stone that originates in the great Canadian Rocky Mountains. Rich in character, nature provides **Rundle Stone** in a variety of distinctive black and brown hues creating a look that cannot be replicated by man-made imitations!

Rundle Rock can be used for an assortment of purposes, including fireplaces, masonry walls, rock gardens, flowerbeds, retaining walls, stairs, waterfalls, lily ponds, walkways, patios, veneer applications, interior flooring and as feature rocks - the results are always distinctive, beautiful and unique.

Rundle Rock products can be categorized as either landscaping or masonry, while some can used for both.
